Leave-Taking of the Writing Committee of Patents.

HON. E. M. MARBLE, ex-Commissioner of Patents, left the city Wednesday night for New York, where he goes to assume the duties of his new position as land Commissioner of the Patent Office. Wednesday morning the clerks and employees of the Patent Office took leave of the retiring Commissioner, and for over an hour there was a continuous stream of people thronging his room, bidding him a regretful farewell and an earnest wish for his future success. Nearly every employee, as he or she shook hands with Mr. Marble, referred to some kindness received at his hands, and no public officer ever retired more popularly than did Mr. Marble.

MANY from other bureaus of the Interior Department also called to bid him goodbye. During his stay in Washington Mr. Marble had made many friends and had a host of friends, who sincerely regret his going away. He entered Hampton Falls, N. H., last evening, having graduated in the course of his funds giving out. He then removed to Michigan, and was principal of the High School at Altona for two years, when he became Commissioner of Indian Affairs, serving until the close of the war. He was then elected County Clerk for four years and subsequently served as Sheriff of the same county for four years. He was appointed Law Clerk in the Solicitor's Office in 1856 when Gen. C. L. C. Smith was Attorney General and Assistant Attorney-General for that Department in March, 1857. In May, 1858, he was appointed Commissioner of Indian Affairs, and in 1861 he also acted as Commissioner of Indian Affairs from August, 1860, to February last, and also even after the war, up to the time of his retirement. The work of the Patent Office is nearer up at the present than ever before, which speaks well for his services. Mr. Marble carries from Washington on the bearing witness of a large circle of friends.

German Organ Arthur Fair.

New contributions are still coming in to the fair, and among those received Wednesday were the following: From Womble's Hotel, some beautiful confectionery and boned turkey; from Count Lewenhaupt, the Swedish Minister, \$10; from Mr. Spelman, a fine large mirror; from New York, through Mrs. Minnie Ross, the emerald necklace; from Mr. Adele, a valuable collection of silversmiths. Notwithstanding the unpropitious state of the weather the hall was filled at an early hour last evening. The Master of Ceremonies, while Mr. Beckford presided and George Godwin, editor, enlivened the evening by a number of songs. The German Evangelical Church was represented by the Sunday-school class, and accompanied by Dr. Sunday-school class, and the German Benevolent Society, under the lead of Mr. William Berger, also attended in a body.
